[Load Mia_Happy]<Not everyone takes on a murder trial right off the bat like this.> <It says a lot about you... and your client as well.>

Phoenix:

<Um... thanks.> <Actually, it's because I owe him a favor.>

Mia:

[Load Mia_Surprised]<A favor?> <You mean, you knew the defendant before this case?>

Phoenix:

<Yes.> <Actually, I kind of owe my current job to him.> <He's one of the reasons I became an attorney.>

[Load Mia_Happy]

Mia:

<Well, that's news to me!>

[Load Mia_Stand]

Phoenix:

<I want to help him out any way I can!> <I just... really want to help him. I owe him that much.>

Phoenix:

<My name is Phoenix Wright.> <Here's the story:> <My first case is a fairly simple one.> <A young woman was killed in her apartment.> <The guy they arrested was the unlucky sap dating her:>

[Load Butz_Thumbs]

<Larry Butz... my best friend since grade school.> <Our school had a saying: "When something smells, it's usually the Butz.">

[Load Butz_Cry]

<In the 23 years I've known him, it's usually been true.> <He has a knack for getting himself in trouble.> <One thing I can say though: it's usually not his fault. He just has terrible luck.>

[Fade out Butz_Cry]

<But I know better than anyone, that he's a good guy at heart.> <That and I owe him one. Which is why I took the case... to clear his name.> <And that's just what I'm going to do!>
